

## BREAK IN METAL REACHES COPPER

**London News Causes Slight Relapse; Oil Stocks Break Sharply; End of Week Quiet for Rest of List**

NEW YORK, Feb. 6.—Quotations worked slowly lower on the stock exchange today. There were no important changes in the situation to stimulate speculation. During the most of the day the market picked up in the dull way of the last few sessions, apparently unable to break away from the dead level.

There were further unfavorable railroad reports for December. Washington advices indicating the probability of delay in the ultimate decision in the freight rates case also operated against the railroad stocks, some of which were under heavy pressure.

In the industrial list the coppers were affected by a break in the metal market in London. Steel held up fairly well, being supported in expectation of better showing in the fifth coming monthly statement.

In the outside market there was a severe slump in the stocks of the Standard Oil Group. Excited dealing in these shares the past few weeks, with soaring prices in most instances, led to the relapse today. Declines ranged from two to five points. Non-move irregularly, with heaviness in the convertible issues. American Writing Paper 5s dropped five points. Total sales \$1,200,000. U. S. bonds unchanged on call.

**SUNNY BROOK**  
THE PURE FOOD WHISKEY  
The Inspector Is Back Of Every Bottle

The next time you feel "out of sorts," try a little Sunny Brook—The Pure Food Whiskey—Almost instantly you will note a delightful change—You will work harder and Earn More—you will feel better and Enjoy Life More. No other tonic acts so promptly and satisfactorily. That's why today—after fifty years—Sunny Brook—The Pure Food Whiskey—can point with pride to a legion of loyal friends, who recognize that, on account of its exquisite flavor, its mellowness and high tonic properties, Sunny Brook justly merits its proud title—The Pure Food Whiskey.

Each bottle of Sunny Brook is sealed with the Green Government Stamp—a positive assurance that every drop is natural, straight whiskey—scientifically distilled and carefully aged by the largest distillers of fine whiskey in the world.

SUNNY BROOK is now bottled with our own patented "Twister" corks. One twist uncorks or recorks the bottle light. No Need for Cork Screws.

### TO RELIEVE OIL TIE-UP.

SAN FRANCISCO, Feb. 6.—United States District Judge M. T. Dooling signed an order today establishing the procedure which may control the disposition of the millions of barrels of oil produced in California and withheld from the market owing to litigation over the withdrawal act of 1909.

The order, issued in the suit of the United States, against the Midway Northern Oil Company, embodies a working plan for the continuance of the production of oil on the lands withdrawn under the act. It also permits a commissioner to check out enough from the money received from sales for operating expenses.

### TESTIMONY IN MICHIGAN.

HOUGHTON, Mich., February 6.—Stanke Stepech, one of the striking miners who was wounded in the Seaboard shooting affray, testified today that he saw the accused officers assault John Kollan before a shot was fired. Kollan was one of the men they came to arrest. The witness said James Cooper, a Waddell-Mahon man, attacked him, after which he fled inside the house. While inside he heard a shot outside. Stepech started upstairs, when he heard another shot. He dropped in his tracks at the foot of the stairs with a bullet wound in his side.

"Where did the bullet that struck you come from?" he was asked.

"It came through the window," he replied.

Seven witnesses were examined today. None of them saw the actual shooting of Steve Putrich, whom the five men on trial are charged with killing.

### PEARLING GIRL'S AGE DISPUTED

SAN FRANCISCO, Feb. 6.—The testimony of Miss Ida Pearring, who says Mary Diggs, Walter Gilligan and Paul Spott assaulted her on New Year's day, suffered severe contradiction from the prosecution witnesses in police court during the preliminary examination of Diggs and Gilligan today.

Lillian Sullivan, an actress friend of Miss Pearring and her mother, at whose home the New Year's party met, denied Miss Pearring's statement that she did not know the identity of Diggs. She said she had been told by both girls and by the Pearring girl's mother that Miss Pearring was 21 years old. Miss Sullivan said Miss Pearring told her this in the presence of her mother at a party she had sometime before Christmas in honor of her twenty-first birthday.

Mrs. Pearring was called to the stand to testify to her daughter's age. She said she was born in San Jose on March 9, 1896. The mother denied having told Miss Sullivan that her daughter was twenty one. The case was continued until Monday.

### DECLARE HOLYOKE WAS SANE

LOS ANGELES, Feb. 6.—Testimony intended to prove the sanity of the late Frank Holyoke, wealthy Maine lumberman, was introduced in today's contest of his will, by which he devised his \$600,000 estate to his two nieces and cut off his two sons, Sidney A. and Harry D. Holyoke, with \$200 each.

A. R. Taylor, one of the executors of the will, occupied the witness stand most of the day. He was called in behalf of the two nieces, Maijorie and Madeline Holyoke, daughters of Caleb Holyoke, the dead man's brother. Taylor reviewed his intimacy with the late lumberman, both in Maine and California, and asserted that he was sane when he made his will. Sanford L. Porter, a Pasadena realty operator, who knew Holyoke well, corroborated Taylor.

### ROCKEFELLER LEAVES STATE

CLEVELAND, Feb. 6.—John D. Rockefeller left today for Tarrytown, N. Y. Tomorrow is the last day allowed under the Ohio law for him to list his personal property for taxation. Whether this fact had anything to do with his departure is not known. He has been in Cleveland all winter, because of his sister-in-law's illness.

Missouri, Kansas, Texas has privately compromised suit for \$100,000, 999 penalties brought by Texas atorney general for alleged violation of state anti-trust law in merging with eight other Texas roads.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and driving the patient through by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

Address: J. C. HENRI, & CO., Toledo, Ohio.

Sold by all druggists and dealers.

Take Hall's Catarrh Cure for constipation.
